Speed Trailer Report Analysis

April – May 2019

From the Data gathered by our Speed Trailer in place at the hall we registered the following

South bound traffic only

Total Vehicle count 12065 for the period

Vehicle Speeds in

Excess of	100KM per hour	10 with a top recorded speed of 120 KPH
betweenf	90-100KM per hour	57
Between	75 and 90KPH	363
Excess of	55KM per hour	6482
Below	54kph and lower	5153

What this shows is that over half of the vehicles travelling on the main road were 10% or more above the posted limit 50KPH and over 400 were speeding at least 20KPH over the posted with one traveling at 2.5 times the 50kph limit.

As more data is gathered and a better pattern is developed we hope to be able to provide enforcement of the speed limits with the help of the RCMP and other law enforcement agencies.

This is currently only measuring south bound traffic mid-beach and as time permits we will be moving the trailer to monitor other areas and locations.

Remember the speed limit is
50KPH along the main road
30KPH in ALL areas past the storage area
15KPH on the lane and approaches – ALL
vehicles including ATVs
